In addition, here are copies of my catalogues of documents, cables and correspondence, with the catalogues of correspondence from Europe noting the date the items were received by my parents ("FB received dates").

Finally, I have a taped interview of my mother for the Multicultural Historical Society made in 1978. I only received it yesterday, and have not listened to it. I intend to interview my aunt with Henry Wellisch. As mentioned, she is lucid and her memory is good. I believe that she has documents and correspondence too. I plan to invite her to let me make her copies, and put the originals in with what I have.

I look forward to hearing from you soon.

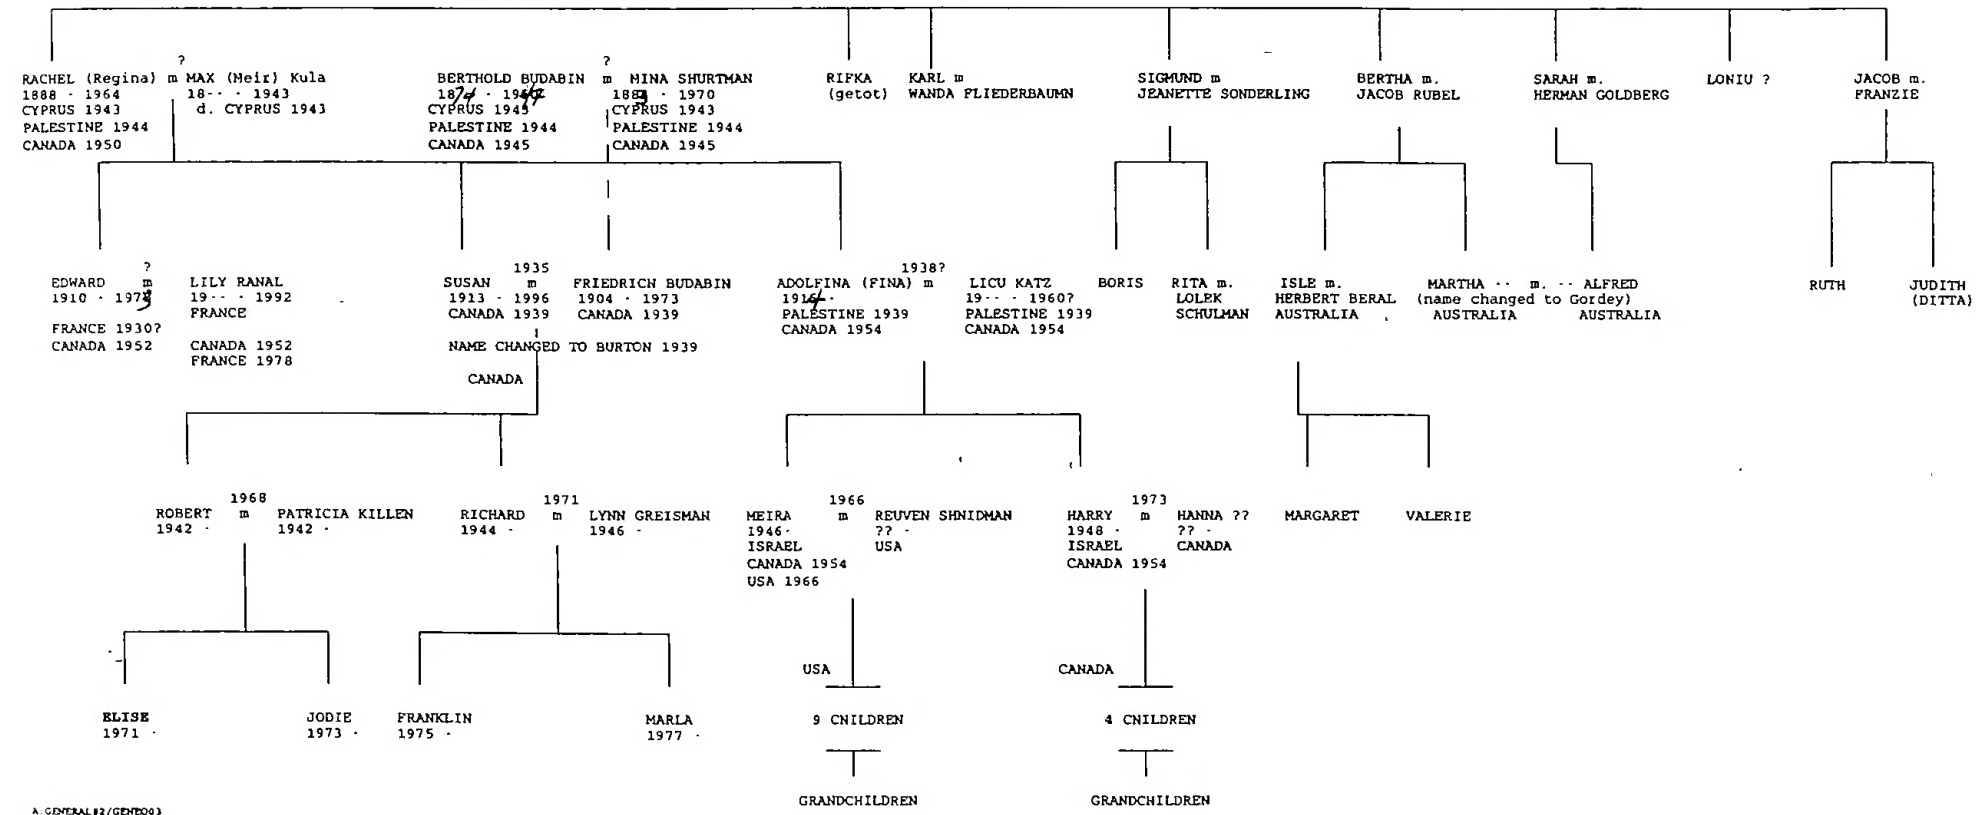

Yours very truly,

Eure Reisebeschreibungen mit Neugierde.
Hast auch die Schiffahrt lange gesehen?
Wie war es? Habt Ihr New York gesehen?
Was euch nur in die Augen gestochen hat?
Ihr nur auch mitteilen.
Sicherlich schätzt Ihr Euch glücklich

Jetzt geht es ja wieder los u. für schrecklich

Ich bin wegen dem Edru so missgelaunt
er ist irgendwo in Bereitschaft. Hat

Dabei hat's nicht viel gefehlt u. wir hätten

um die Kur zu beendigen. Nach einer Woche, als die Kriessnachrichten kämen jede gute Laune verdarben, packete ich mich zusammen u. fuhr zu meinem Locomotor. Kaum dass ich gebadet u. geruht hatte überrascht mich Locomotor mit der Nachricht dass er schon Karten gekauft habe wir fahren morgen Paris - London. Es ist ein wunder das ich ihn nicht erkannt habe. Also musste ich wieder auspacken u. wieder einpacken so müde als auch warm. richtig am nächsten Tag - das ist heute vor einer Woche - läuft wir mit dem Simplon ab. Ruhest im Herzen. Nerven bis zum aussersten angepreugt - beide mussten wir Schlafmittel nehmen. Wir hatten auch Winter sachen mitgenommen - es war eine Art Auswanderung gedacht. Und fahren fahren - fahren bis wir bis zur nahe Grenze kommen. In Postunia stellt man den Reisenden die verfauliche Frage zu welcher Religion man sich bekennt. Und ohne welche Beweise zu verlangen - lässt man die Chr. Vater fahren u. die haitäcker + descendere! Schon sind wir herein gefallen u. müssen

absteigen, der Zug fährt weiter u. wir werden in einem Wartesaal gesperrt. wo wir auf den nächsten Zug warten müssen der nach Jugoslawien zurückfährt. Wir werden abgeschoben ohne dass man uns den Pass ausfolgt. Erst an der rum. Grenze bekommen wir den Pass. Und die Choral von der Geschichte. Wir sind fürchtbar froh dass wir zuhause sind. So sehr wir uns auch argerten als man uns nicht weiter fahren lies - mit uns waren noch 6 andere - darunter der Dr. Racenkin aus Lfi - der emigrations pass nach Amerika hatte u. auch schon die Schiffkarte hatte. Das ganze ist wie ein böser Traum am meisten hat der Traian der Locomotor alarmiert. Es sind ja sehr viele Leute aber hier bleibt es ja vorläufig ruhig. Mein Brief mit 3 Netze hatte ich er halten. Weil die Netze heller waren habe ich mein Haar ihnen assortiert. In B. ist es sehr schön - in der Calca Victoria steht es aus wie in einem Schutzengraben. man reist alle Häuser nieder u. verbreitet die Grasse. Wie sind die Aussichten dort? Was machen die Ehr liebs? Ihr müsst genau das Leben beschreiben. Wo throt Kocht du wieder? Ihr kommt garnicht vor dass ihr so weit west seid

Meine lieben Kinder!

Wie glücklich ich bin, dass Ihr Euch
in Sicherheit befindet, kommt Ihr
Euch vorstellen. Ich wünsche Euch Glück
auf Euerem neuen Lebensweg und wir
sollen uns recht bald in Freuden und
friedlicher Ruhe wiedersehen können.
Es schade dass Fina in der Heimat
geblieben jetzt ist es zu spät. Sie
wird Dir schon selbst schreiben
was sie mitgemacht hat. Hier ist
Reichung mir verfolgen wir mit Behmut
die Radiomeldungen. Und ab heute
Mobilisierung in Frankreich. Der
Edwin ist einer Jagdesquadrielle zu

geteilt in G. zur Verteidigung
den Kampf, wie traurig für viele
Frauen u. Kinder sind evakuiert. Ich
glaube Lily ist auch weg aus Orly. Der
letzte Brief ist aus Stamps ²⁵ 8 geschuef.

Wer weiss wann wir wieder Nachricht
haben werden. Gott schütze ihn wir
werden alle für ihn beten er soll uns
gesund erhalten bleiben. Es ist mir
schrecklich zu Mut, nicht kann mich ab-
lenken obwohl ich ausgehe. Kann nicht
überall verstoßte Gesichter. Viele Leute
haben Angehörige in Polen

Ich erwarte schon mit Ungeduld das
erste Schreiben von Euch. Wie seid Ihr
dort aufgehoben wie habt Ihr Euer
großes Stoff erhalten wie wohnt
Ihr dort wie habt Ihr die
Reise vertragen u. s. w. so viele Frage
häufte sich in meinem Sinn

Glück. Also wolleth Ihr bald uns über
alles schön ausführlich berichten.
Heute gehe ich zu Mama King ein bisschen
plauschen, glaube ich, Ihr seid doch
nicht so fern.

Hier ist angenehm herbstlich hier
u. da gehe ich in den Botanischen
Hem Kleid u. Costum ist sehr schön.
Tata will ich soll nach Dorica. Ich
habe keine Lust in solcher Situation
wegzufahren. Man kauft Lebensmittel
auch ich Stoffe Tee u. s. w.

Sonst bin ich gesund, die Augen
besser, ich nehme fleißig Calcium
u. dies hilft mir, ich gehe nicht
zu Ärzten. Bei uns zu Hause ist
eine fruchtbare Leere ohne Euch,
erst wie wird es im Winter sein. Ich
schaue mir oft Euer Bilder an, sie
erinnern mich an alle Jahre mit
Euren Freuden u. Leiden. Jetzt heißt

meine Liebsten, also gestern war die offizielle Kriegserklärung, die schon so
 ge in der Luft schwebte. Hier melden sich indessen Freiwillige, waerend es noch
 ganz unbestimmt - ja sogar unwahrscheinlich - ist, ob Canada die Dienstpflicht
 einfuehren wird. In dieser Woche findet eine bez. l. Sitzung des Kabinetts statt.
 Ich habe gestern mit einem fruenern Polizeioffizier gesprochen, der im selben h.
 wohnt und dieser sagte mir, dass Auslaender sich bloss bei der Polizei melden
 muessen und dann in Ruhe gelassen werden. Hingegen bringen die Zeitungen Mel-
 dungen, dass man die Nazis in Canada einfraengt und einsperret. Aber die meisten
 schwoeren ab und sagen, dass sie als Patrioten fuer Canada kaempfen wollen. Da-
 her bringen die Zeitungen Meldungen, dass manche Lebensmittel knaer und teurer
 wurden. Z. B. Zucker wird nur maximum 5 lbs an den Detailkunden verkauft und an-
 dere Verknuepfungen sollen zu verzeichnen sein. Wir spueren noch nichts, weil
 unser Bedarf ja so klein ist und es auch sicherlich nie zu kraessen Mangel kom-
 duerite. Die Zeitungen bringen Extraausgaben mit Landkarten und Skizzen und so
 klaert man die Leute auf, welche doch sonst keine Idee von der euro. Geographi-
 e haetten. Als gute Nachricht lese ich heute, dass der Nord-Atlantische Flugver-
 kehr doch aufrecht erhalten wird, doch schreibt man nicht mehr in den Blaetter,
 wann Schiffe und Flugzeuge abfahren, um so zu vermeiden, dass sie von den Deut-
 schen angegriffen werden. Sonst waren taeglich in den Zeitungen "List of
 sailings", d. h. wann Post und Schiffe abgehen. - Gestern Sonntag und heute Mon-
 tag konnte ich nichts beginnen. Heute ist "labour day", ein Arbeiterfeiertag
 bei uns der 1. Mai und die Leute sind schon am Samstag weggefahren, so dass si-
 3 Tage weekend hatten und erst morgen kommt man zurueck. Da werde erst begin-
 koennen, herumzugehen und Verbindungen zu suchen. - Gesellschaftlich und evtl.
 auch geschaeftlich wird mir Dr. Brodey helfen - der Arzt, der mir von Heaps vor-
 gestellt wurde und ein Judenfuhrer ist. Er hat mich schon eingeladen, morgen
 zu ihm zu kommen, dass er mich diversen Leuten vorstellen soll. - Gestern wa-
 so heiss, dass wir nicht mehr aushalten konnten und an den Strand gefahren sind.
 Toronto liegt ja am riesigen Ontario-See und da badet man. - Es gibt ein Bad mi-
 Kabinen um 25¢ pro Person pro Stunde und dann ein Freibad, wo man sich im Ge-
 buesch auszieht und das ist gratis. Natuerlich haben wir gratis gebadet und ich
 habe sogar einen wuertzigen Sonnenstich bekommen. Es waren sehr viele Leute und
 dann ist dort auch der "Prater" von Toronto, da sind wir bis 10 Uhr abends ge-
 blieben und haben ein Frekonzert angehört. Um 11 Uhr abends erwarteten wir
 die Extraausgaben und hoerten noch eine Rede Roosevelts im Radio der Hausfrau.
 Meinen Brief No. 1. vom Samstag den 2. ds. muss ich korrigieren, indem Leute
 die als Farmer herkommen, 5 Jahre in diesem Beruf bleiben muessen und dann wer-
 den sie kanad. Buorger und koennen tun, was sie wollen. - Gestern
 ich habe mich am Samstag telegrafisch angefragt, wie es auch geht und habe
 noch keine Antwort. - Wer weiss, wann und ob sie kommt. Aber ich musste Euch au-
 alle Faelle telegrafieren, weil ich so unruhig war. Soska hat auch an Edziu
 nach Paris telegraphiert, damit seine Frau antworten soll, was er macht. Ich
 habe auch noch von Ottawa telegraphiert, dass ich mit Joffie gesprochen
 habe und Alles in bester Ordnung ist, obwohl die Unterlagen nicht komplett sind.
 In 3 Wochen sollen die Papiere herauskommen - wenn nicht die internat. Situation
 so schlimm wird, dass man prinzipiell nichts mehr macht. - Wenn aber ja, so mu-
 man ihm die Schiffsgesellschaft nennen, weil diese offiziell verstaendigt wird,
 dass X.Y. zugelassen wurde und man ihn befoerdern kann. Das ist die Form und
 es wird nicht ein Visum gegeben, wie ich es mir fruher dachte. Die Partei er-
 haelt nur noch einen Brief des Joffie, dass sie die Bewilligung hat. Und da
 Transitvisa braucht man nicht, weil man als Emigrant die internat. Transitkarte

Ich habe heute zum ersten Mal seit langer Zeit eine Karte geschrieben. Die Adresse ist: 152 Walmer Road, Toronto, Ontario.

von der Schiffsgesellschaft bedrängt. Dies berichte ich also unseren Verwandten nach Belgien, obwohl ich nicht weiss, was jetzt bei Ihnen los ist. Ich bin in so grosser Unruhe, dass es mir fortwährend im Kopf herumrumpelt und meine ganze Energie lachmt. Es ist noch gut, dass ich jetzt eigentlich gar nicht Geschäfte machen kann, weil ich mich ja erst einleben muss und abwarten soll, was werden wird. Aber wenn ich jetzt schon arbeiten müsste, wäre ich dazu seelisch unfähig. - Der Gedanke martert mich, was bei Euch los ist, ob Ihr gesund seid und wie es Euch geht. In erster Linie interessiert mich, ob Ihr gesund seid und erst dann die Verhältnisse in der Fabrik: ob sie arbeiten kann, indem sie genug Material und Arbeiter hat, was man arbeitet (ich denke, man muss jetzt militärlieferungen übernehmen), ob die Vorräte requiriert wurden etc. Ob die Kunden die Zahlungen wieder eingestellt haben, wo unsere Burschen sind. Was sonst überhaupt los ist und eine Fuelle nicht ausgesprochener Fragen.

Ich habe auch meinen Brief No. 1 folgend geschickt: Eine Kopie direkt einfach, die zweite direkt per Luftpost, die dritte durch Lincia und diesen Briefe lege ich eine vierte Kopie bei und sende ihn per Luftpost an Milu mit der Bitte um Weiterleitung. Momentan dürfte der Umweg über das Mittelmeer der einzige Weg nach Rumänien sein.

Nun noch etwas über Toronto. Die Provinz Ontario ist die wärmste Canadas. Hier gedeiht das meiste Obst und auch solches, das warmes Klima braucht, wie z.B. Pfirsiche, dann die gelben Melonen "Guadalupe", Trauben. Im Winter ist es weniger kalt, als in den anderen Teilen, aber reichlich Schnee. In der Nähe des Ontario Sees zu wohnen, ist nicht zu empfehlen, weil dieser so wie ein Meer, Nebel abends und morgens entwickelt und daher wohnt man am besten möglichst weit vom See entfernt. Die Stadt ist sehr ausgedehnt, weil nur im Zentrum Wolkenkratzer sind und sonst meistens kleine Häuser. Bei einer Bevölkerung von 700.000 Leuten muss man also an eine grosse Ausdehnung denken. Jede Art Einwanderer hat ihr Viertel, also ein juedisches, ein italienisches etc. Und die Geschäfte in dieser Viertel haben nebst der engl. Aufschrift auch eine in hebräisch oder italienisch oder dgl. Auch die Filialen der Grossbanken haben solche zweisprachige Aufschriften. Der Textilhandel ist hauptsächlich juedisch - wie auch in USA. Auch die feinen Geschäfte im Zentrum und viele grosse Fabriken sind juedisch.

Die Provinz Quebec ist französisch, nicht nur antisemitisch. Sogar ein christl. Franzose aus Frankreich passt ihnen nicht. Die engl. Kanadier können sie nicht leiden. Aber viele leitende Stellen in Behörden und Banken etc. haben diese Franzosen, Kanadier. Diese sind auch gegen Teilnahme Canadas an den Krieg, doch hoert man sie nicht, weil sie in der Minorität sind und Englands Einfluss überwiegt. Die Juden, welche in der Provinz Quebec ansässig sind, sind nicht sehr zufrieden, obwohl natürlich die kanad. Regierung streng eingreift. Aber gesellschaftlich sind sie wohl dran, natürlich ist das nur allgemein gesprochen.

Das Leben hier ist so, dass das Essen pro Tag einen Dollar kostet. Querre - ähnlich wie in New York, denn Bertha sagte mir auch, dass ihnen 1 \$ pro Tag fürs Essen aufgeht, aber das Wohnen ist in New York doppelt so teuer. Und dann ist auch das Fahren in der Untergrund in NYK teurer, weil ja auch die Distanzen dort so gross sind, dass man z.B. von Bertha in die Stadt 1 Stunde fahren muss. Die meisten Häuser haben hier Zentralheizung und evtl. auch Kohlenfeuerung oder grosse Froaste. Das Wohnen in Toronto ist bedeutend billiger als in Ottawa, also das wäre so ein oberflächlicher Bericht bin ersip. an Tage hier.

Und nun, meine Lieben, bitte ich Euch, mir sehr viel zu schreiben und jeden Brief mit Kopien, um mir mehrere Kuverts zu senden. Viele, viele Küsse

Toronto, Monday, 4Sep, Letter #2

My dears, So yesterday was the official declaration of war that had hovered in the air for so long. Here meanwhile they volunteered (reported voluntarily) because it is still completely uncertain - even unlikely - whether Canada will introduce conscription. This week there will be a sitting of Cabinet. Yesterday I spoke to a former policeman who lives in the same building and he told me that foreigners will merely have to report to the police and then will be allowed to go in peace. On the other hand the newspapers report that they are catching and jailing Nazis in Canada. But most swear and say that they are proud patriots and will fight for Canada. The papers report that some foods are scarce and will become more expensive. Sugar will be rationed to only 5 lbs. and also other stuff will be rationed to reduced amounts. What will be permitted will be small and certainly no significant exceptions. The papers have extra editions with maps and sketches to inform the people who have so far no idea of European geography. Good news I read today that North Atlantic airmail service will be maintained, but they don't report when ships and aircraft depart, to avoid being attacked by the Germans. Before the papers daily had a List of Sailings, i.e. when mail and ships go. Yesterday Sunday and today Monday I could not start anything; today is Labor day, a work holiday like May 1 and people already left on Saturday left so that they get a 3-day weekend. and then come back in the morning. Only then can you begin to arrange meetings with people and make connections. Dr. Brody will help me meet people [get "social" *geschäftlich*], perhaps business connections - he is the doctor who is a Jewish leader and will introduce me to Heaps. He already had invited me to come to him tomorrow, to introduce me to several people. Yesterday was so hot that we couldn't stand it any longer and went to the beach. Toronto is on Lake Ontario and people swim in it. You can go swimming with a cabin for 25¢ a person an hour and afterward swim in an open air pool, or you can change clothes in the bushes, and that's free. Naturally we swam for nothing and I got a small sunburn. There were a lot of people and then there is the "Prater" of Toronto [*Die Prater* is a large amusement park in Vienna - this appears to mean the CNE] and we stayed until 10 and had listened to a free concert. At 11 we waited for the late news and heard another speech by Roosevelt on the radio of the landlady.

I have to correct my letter #1 from Saturday the 2nd - people who come as farmers have to work on the farm for 5 years, and then can become citizens and can do what they want.

I telegraphed questions to you Saturday - how things are and I didn't get an answer - who knows, when and whether you come. But I had to cable you in any case [*alle Faelle*] because I was so disturbed. Soska also cabled Eddy in Paris for his wife to tell us what he is doing. I have also cabled you from Ottawa that I spoke with Joliffe and everything is under control [*in bester ordnung*], although the underpinnings [effort?] is not complete. We should get the papers in three weeks - if nothing [unless something] bad happens with the international situation that they do nothing more on principle. If the answer is YES, you can choose a ship line, because it will get official confirmation that you have permission and can travel. That is how it is and they will not give you visas, as I thought earlier. The applicants will only get a letter from Joliffe that that permits were granted. And you will not need transitvisas because as an immigrant you will get an international transitcard from the shipping line. This report I therefore send to our relatives in Belgium although I do not know what goes on there. I am so agitated that it my head keeps swimming with rumors and my whole energy is impaired. It is still good that I now actually can't do any business. because I first have to settle down and wait for what will be. But even if I had to work, I would be psychologically unable. The thought tortures me what bad things could be happening to you, if you are healthy and how things are. In the first priority I worry if you are healthy and then the conditions in the factory - if it can operate, whether you have materials and workers to run it. (I think now people must supply the military), whether supplies will be requisitioned. If the payment of accounts has stopped where the boys are ? What is generally happening and a torrent of unspoken questions.

I sent you my Letter #1 - one copy simple direct, one copy by airmail & a third through Lincia, and a fourth I enclose with this letter and send by airmail to Milu to send on. For now, the Mediterranean seems to be the only way it will get to Romania.

Now, more about Toronto: Ontario is the warmest part of Canada. Here is where most of

the fruit (*das Obst*) grows, especially those that need a warm climate, for example peaches and yellow melons (*gelben Melonen "Guadaloupe" ?*) and grapes. In winter it is less cold than other places, but it snows a lot. To live near Lake Ontario isn't recommended because there is fog in the morning and evening and therefore you much prefer to live far from the lake. The city is very spread out, and only in the downtown are there skyscrapers, and otherwise mostly small homes. With a population of 750,000 today, they will have to consider a large expansion. Every kind of immigrant has his quarter - Jewish, Italian, etc. And the businesses in these quarters next to the English sign also has one in Hebrew or Italian or whatever. Also the branches of the large banks have signs in two languages. The textile trade [*Textil-handel*] is mainly Jewish - like in the US. Also the better businesses in the downtown and many large factories are Jewish.

The province of Quebec is hostile to strangers, not just anti-semitic. Even a Christian from France does not pass. They can't stand [*nicht leiden koennen*] English Canadians. But the French Canadians have many senior places in Authorities and Banks. They also are against Canada having a part [? *Teilnahme*] in the war, but you hear nothing from them, because they in the minority [*der Min*] and England's influence prevails [*uberwiegen*]. The Jews who live in Quebec are not very happy, although naturally the Canadian government intervenes forcefully. But they are socially in a nasty situation, Naturally this is only generally said.

Eating here costs a dollar a day like New York where Bertha told me they spend the same. Housing in New York is twice as expensive. And then going on the subway is also more expensive, because distances there are so great that it takes a person like Bertha an hour to go downtown from her place.

Most houses here have central heating and are coalburning because of the cold. Living in Toronto is significantly cheaper than Ottawa. well, this was a superficial report - I have only been here a few days.

And now my loved ones do write me a lot and every letter with copies [*um mir mehrer*

Kuverts zu senden ? *idiom* ?] Many, many kisses.

I repeat out of caution my address: 152 Walmer Road Toronto, Tel: Kingsdale 6394. My landlady is Mrs. Mary MacLean. You do not have to use her name unless you want to. The mail will reach me all the same if you write her name only, because she will follow instructions (??) and hasn't anyone in Europe. When you, cable to her address, cable "MacLean, 152 Walmerroad, Toronto".

Pedoulas, Dec. 8, 1942

My dearest children:

I want to report to you what happened since we departed. I don't know if you are aware that I was working together with Cubzin(?) during the occupation by the Russians. I became sick in February 1941 and was therefore classified to be unfit for work. I suffered several heart attacks and had shortness of breath. The remedy for this is no excitement, no smoking, no drinking and moderate eating. I passed the time until the Rumanians invaded by partly reclining and partly strolling about. At that time our sorrow started, terrible things occurred. In the country, in the small towns most Jews were massacred, others were concentrated in camps where they were faced with starvation. In Parance Hersch was a victim and also the wife of Tulin who perished in the camp. In Cernowitz itself 10,000 people were massacred. During the regime of terror the dreadful day came when we had to leave the apartment within a few hours and had to move into the Ghetto. We moved in with Sigmund who was located in the Schulstreet in the Ghetto area where 100 people flocked together. We slept on the floor like herrings. Before we moved into the Ghetto we booked passage on the Struma. The ticket per person came to over 200,000 Lei. Already on the next day the transports to Transnistria started. First came the Wagstreet, Stenigstreet and then Fraanzosstreet. On the next day came other streets. The so-called travellers to Palestine listed for the Struma were allowed to stay until their departure. But we did not enjoy this privilege for long, it was said that people from Bukowina would not get an exit permit and I saw myself as a candidate for Transnistria. Around October 20 the transports were stopped and everybody had to appear before a commission consisting of Jews. Dear Sigmund played and even now plays an important role in the Jewish council (Judenrat). One had to inform them of one's profession and based on this declaration industrialists, specialists, workers were permitted to return to their apartments. At the last moment when I was close to despair I was granted authorization, while Sigmund for instance received 6 authorizations as chemist, soap manufacturer, cultural councilor, living in mixed marriage, the dear Jeane is supposed to be a Christian since birth. During this period and before some Rumanians became interested in the factory, they wanted to know more details and other explanations. He kept complete silence and did not find it necessary to inform us of the progress of the negotiations since it was probably not in his interest. Around October 20 while I was still staying with him in the Ghetto I discovered that the factory was leased to Dr. of Chemistry Balceanu. He is the one with the long beard, you dear Finica probably know him. Sigmund who was in full agreement became very busy. He became quite a big shot (Macher). I spoke to him the same evening and pointed out that I wanted to be employed in the factory. And now begins the period of excitement, shocks etc.. The reason: Sigmund. He did not like it that I was employed in the factory, not even as a common laborer, I never found out the reason. Cubjin is the cashier, Fredi is working as a bookkeeper is paid as such and has authorization. You my dearest can imagine my anger and the shame in front of strangers. I heard about it from Muzin, but it was too late and I could not do anything about it, the family, and the dear Mama kept quiet. And so July arrived. A shipping agency named Rumania Bucures(?) was advertising for a passage to foreign countries. After long discussions with Mama we decided to register, although we knew of the dangers. This registration on the list was our luck. A few days later on a Sunday at 6 a.m. some soldiers appeared; they brought me to the Maccabi square, this was the place of assembly for the transport. In the evening I was released. You can imagine the excitement and nervousness at home. And all this because I was on the list of the ones to be scratched. I owe this to

Dear Sirs:

Re: Frederick Burton (formerly Budabin)

This is a *Freedom of Information Act* request. I am the son of Frederick Burton, who died on May 29, 1973 - copy of death certificate enclosed. I would like to obtain copies of all documentation relating to his immigration. I enclose a cheque to the Receiver General for the \$5.00 fee.

My father, together with my mother, entered Canada under their previous names, Friedrich Budabin and Suzana (Suzanne) Budabin, (which they changed in December, 1939). On September 18, 1944, Certificate of Naturalization No. 201287, Series A was issued to Frederick Burton, and Certificate No. 46509, Series H was issued to Suzanne Burton.

They immigrated from Roumania. Their passports identically indicate that temporary visas were issued from London on August 14, 1939, and mention an "Ottawa letter September 2nd, 1938" and a "Fyle 648698". There is also a stamp, "Department of Pensions & National Health, Canada, 1, 14 Aug 1939" with the number 270509 on Frederick Burton's passport and 270510 on Susan Burton's. The signature looks like "H B Jeffs".

They entered Canada at Lacolle on August 27, 1939, and are later stamped "Admitted Immigrant, Canada Immigration, November 8, 1939, Toronto, Ont." under which is written: "Order in Council PC 2427, August 31, 1939, Ottawa 648698, Toronto, 77168".

I am enclosing photocopies of the original Certificates of Naturalization and the pages of their passports with these visas and notations.

If there are any other records - in your office or elsewhere (such as the minutes of the Order in Council and supporting materials), I would greatly appreciate being directed to or toward them.

Thank you.

Yours very truly,

Robert L. Burton
RLB/k
Encls.

P.S. Additionally, my paternal grandparents immigrated to Canada from Palestine in 1945 and my maternal grandmother, I believe, 1950. I have the Roumanian Passport of my paternal grandparents, with visas and entry to Palestine, but no visa for Canada. I have no documentation regarding my maternal grandmother. It would therefore appear that they were allowed entry as refugees. I also have copies of letters written in the very early forties to the Canadian and British governments at my father's request that vouch for them and seek to expedite their entry into Canada, despite the war. All of them have been dead for well over 20 years.

All of this is to ask if there is any way that you could locate records without more information on their immigration/entry processing. Please let me know, and I will be happy to supply you with all the information I do have and the necessary fees. Thank you.

Dear Dean Marrus,

We spoke very briefly in early August about my parents having escaped to Canada in 1939 and the huge amount of correspondence that I had to and from Romania. You told me that you needed an idea of the contents to decide if was worth an investment of your time. As discussed, here is a thumbnail sketch of what I understand I have (subject to the limitation that I cannot read German, the language almost all of it is).

My parents, both dead now, immigrated to Canada from Cernowitz in 1939. They entered Canada on August 27, 1939 as "non-immigrant alien[s]", and became "Admitted Immigrant[s]" on November 8, 1939. Their visas were issued at London, England, and bear the notation, "Ottawa letter September 2nd, 1938, Fyle 648698". I made an FOI request for copies of documentation from the Department of Citizenship and Immigration, but am still waiting. I will also follow up on supporting information for the Order-in-Council approving their entry if it is not in the immigration file.

My mother had told me that they were two of Abella & Troper's 700, because my father's business was vital to the war effort. However, if the arrangement for visas was firm in 1938 when Ottawa was still somewhat deluded about "peace in our time", she could not have been right.

Both my mother's and father's families were old, established wealth. My father's family business was weaving, and had established business and banking connections in England, because yarn was bought from English firms. I have copies of letters from an English yarn supplier and Barclays Bank vouching for my father. My mother's family owned an agribusiness. The most important part was a soap factory (although my mother told me about the farm and its peasants with buttered hair and the stench of hide-tanning and soap-making).

I have approximately 500 pages of correspondence from my parents in Canada to family in Roumania - Cernowitz (Cernauti) and Bucharest and from them to my parents that goes to March 1941, and picks up with a letter from Cyprus in December 1942, as well as a num-

ber of documents, including passports with interesting visas. Apart from one or two letters from Romania when they thought that letters had to be in English to pass censorship, and a few from my aunt and uncle from France, everything is German.

Henry Wellisch skimmed it. There are definitely some letters of historic value. There is a letter relating how Polish Jewish refugees broke into Romania by overpowering the border guards, and how they were rounded up for "transportation", during which the Jewish women of Cernowitz gave them food and clothing. The letter from Cyprus is from my mother's father, who wrote how they missed the first sweeps made street by street, how his wife's brother was a member of the Judenrat and thus came by two of the six work permits allowed, how he came to "lease" his factory to a gentile Romanian, and was lucky enough (but humiliated - another brother-in-law was the Treasurer; his nephew the book-keeper) to have a menial job. I enclose a copy of Henry Wellisch's translation. Much of the correspondence deals with my father's desperate but futile efforts to arrange visas and passage for both sets of parents - and the family of my father's family's partners. There are several cables in English. There are also a few letters from my uncle and aunt in France - he went to Paris to become a doctor, and ended up as a doctor in the French Air Force. I remember being told that she was the custodian of the seal of the Free French Government in Exile in Occupied France.

My mother's sister is alive and lucid in Toronto. She and her husband managed to get to Palestine, and came to Canada about 1951. She says that she has letters and, I suppose photographs, but I have not sat down with her.

Apart from the "hard" history in all this, I was fascinated with the personal stuff - a letter from Cernowitz in the fall of 1939 from parents: they had hired a car and were going to the country for a weekend picnic; from my aunt in Bucharest about the turmoil of furnishing an apartment, from my father about the strange new - and free - life in Toronto, as well as many remarks indicating the temper of the times for Jews in Romania and the few Jews here sweating out the mostly futile effort to save their families there.

Please let me know if you would like to have a look at any of these materials, or if you would like to be kept current as I manage translate some more and have a better understanding of what I have.

Yours very truly,

ROBERT L. BURTON

Dear Mr. Burton:

Thank you so much for your letter of September 5. I appreciate your very full of the correspondence of your late parents referring to extraordinary wartime experiences. The letter you attached in the English translation is truly extraordinary and gives me a hint of the remarkable nature of this body of correspondence.

Unfortunately, I am at present completely absorbed in my new responsibilities as Dean, and am unable to make a proper assessment with you. Nevertheless, I would be very pleased to be kept informed as your own assessment proceeds. I might be in a position to assist you, down the road, in the event that you would be considering some sort of public repository for this material.

With best wishes,

Yours sincerely,

Michael E. Marrus

Subject: Conversations with my aunt
Date: February 9, 1998 12:05 PM

Spent 2 hours with my aunt yesterday. Her memory is quite clear, and she would be happy to be interviewed. She says she has a lot of stuff, and will prepare.

A few fascinating things she told me.

The Kulas were permitted to own land by decree of Emperor Josef I. There are many false Kulas - the peasants on the estates took the name - much like the slaves in the US.

Noah Lehr was self made, and also had a soap factory in Unterlaa, managed by cousin Karl and son Jacob (one of Regina's brothers). The factory was the landmark that you were in Cernowitz.

The Romanians were extremely anti-semitic. My aunt said she was forced out of the University of Cernowitz by Pesach. Another jewish student was thrown out of a second floor window. A jewish professor was fired because he could not speak Romanian, as was her uncle, who was a judge. This is the real reason my uncle went to Paris and my father to Vienna to study.

She also said her family was religious, and that they went to the Sedagura Rebbe - Sedagura was a district of Cernowitz.

It would seem very worthwhile if we could find the decree permitting Kula to own land.
